

MULTILATERALE 2027 Receives FEPA Recognition

(13 September 2026)

The Concept of the MULTILATERALE

The Multilaterale exhibitions are international philatelic competitive exhibitions of Rank 1 or national rank. Eligible to participate are members of the federations of Belgium, Germany, Liechtenstein, Luxembourg, the Netherlands, Austria, Switzerland and Slovenia. MULTILATERALE 2027 will take place from 28–30 October 2027 at the Ulm Exhibition Centre.

Official Recognition by FEPA

MULTILATERALE 2027 has recently been granted FEPA Recognition by the Federation of European Philatelic Associations (FEPA). This quality seal confirms the high organisational, philatelic and logistical standards of the event and highlights its international significance.

For exhibitors, FEPA Recognition means that their exhibits are presented in a competition recognised throughout Europe and that their participation receives official international acknowledgement.

An Attractive Philatelic Environment

MULTILATERALE 2027 will be held within the framework of the International Stamp Fair Ulm – featuring a diverse range of dealers, the strong presence of numerous study groups, and the special competition “Postal History Live”.

Opportunity to Qualify for IBRA 2028

Exhibition Director Bernward Schubert emphasises:

“FEPA events are considered an important step between national exhibitions and FIP world exhibitions. Anyone wishing to present their exhibit internationally will find MULTILATERALE 2027 to be the ideal platform to compete in a high-level European event. In addition, exhibitors have the opportunity to qualify for participation in IBRA 2028 – the FIP World Exhibition – which will take place at the same venue just one year later.”

Participation is Worthwhile

Taking part in MULTILATERALE 2027 is rewarding in every respect. The registration deadline is 1 July 2027. Current information will be published continuously on the new website www.multilaterale.eu.
